

BR/VX Terms of Use

Last updated: [January 18, 2026]

These Terms of Use (“Terms”) govern your access to and use of the BR/VX Digital Interface, application, platform interface, trading tools, account dashboard, market data, content, APIs, community features, referral tools and any related digital interfaces made available under the BR/VX brand (collectively, the “Interface”).

By accessing or using the Interface, creating an account, connecting a wallet, submitting information, placing or attempting to place an order, using any trading-related tools, participating in community features, or otherwise interacting with BR/VX, you acknowledge that you have read, understood and agreed to these Terms.

If you do not agree to these Terms, you must not access or use the Interface.

1. Nature of the Interface

BR/VX provides access to a digital interface through which users may view information, interact with trading-related tools, access platform features, manage account settings, review market data, participate in community mechanics, and, where available, initiate or submit instructions through supported third-party, technical, blockchain, liquidity, execution, custody, payment or infrastructure providers.

BR/VX is an interface and technology layer. Unless expressly stated otherwise in separate product-specific terms, BR/VX does not provide investment advice, portfolio management, brokerage, custody, banking, deposit-taking, payment services, legal advice, tax advice or any other regulated financial service.

Your use of the Interface does not create a fiduciary, advisory, agency, partnership, employment, joint venture or trustee relationship between you and BR/VX.

2. Incorporated Policies

These Terms incorporate by reference any additional rules, policies, notices, risk disclosures, fee schedules, product-specific terms, community rules and guidelines published or made available through the Interface from time to time, including, where applicable:

- Risk Disclosure;
- Privacy Policy;
- Cookie Policy;

- Restricted Countries and Eligibility Notice;
- AML, Sanctions and Compliance Notice;
- Trading Rules;
- Order Execution Notice;
- Margin, Leverage and Liquidation Rules;
- Fees and Limits Schedule;
- Referral Program Terms;
- Community Rules;
- API Terms;
- Partner or Affiliate Terms.

In the event of a conflict between these Terms and any product-specific terms, the product-specific terms shall apply only to the relevant product, feature or service.

3. Definitions

For the purposes of these Terms:

“BR/VX”, “we”, “us” or “our” means the operator, owner or provider of the BR/VX Digital Interface.

“Interface” means the BR/VX Digital Interface, application, platform interface, trading tools, account dashboard, APIs, community features, referral tools, content, data displays and any related access layer made available under the BR/VX brand.

“User”, “you” or “your” means any person who accesses, views, registers for, connects to or uses the Interface.

“Account” means any user account, profile, dashboard, login credential or access environment created or used through the Interface.

“Digital Assets” means crypto-assets, tokens, virtual assets, stablecoins or other blockchain-based assets supported or displayed through the Interface from time to time.

“Order” means any instruction, request, transaction attempt or trading-related action initiated by a user through the Interface.

“Third-Party Provider” means any external provider, protocol, liquidity venue, custodian, wallet provider, payment provider, KYC/AML vendor, blockchain analytics vendor, market data provider, infrastructure provider, API provider, blockchain network or other third party that may support, process, route, provide data to, or otherwise interact with the Interface.

“Applicable Law” means any law, regulation, rule, order, sanction, regulatory requirement, court order, supervisory guidance or legal obligation applicable to the user, the Interface, BR/VX or any relevant third-party provider.

“Restricted Jurisdiction” means any country, region, territory or location where access to or use of the Interface is prohibited, restricted or unsupported under Applicable Law, internal policy, sanctions requirements, compliance review or product availability limitations.

4. Eligibility

You may access or use the Interface only if you:

1. are at least 18 years old or the age of majority in your jurisdiction, whichever is higher;
2. have full legal capacity to enter into and comply with these Terms;
3. are not located in, ordinarily resident in, incorporated in, or accessing the Interface from a Restricted Jurisdiction;
4. are not subject to sanctions or owned or controlled by a sanctioned person or entity;
5. are not using the Interface on behalf of any person or entity that is prohibited from using it;
6. are not using VPNs, proxies, false location data, false identity information or other technical means to bypass access restrictions;
7. comply with all laws applicable to you in your jurisdiction;
8. use the Interface only for lawful purposes.

We may refuse, restrict, suspend or terminate access to the Interface at any time where we determine, in our sole discretion, that a user does not meet these eligibility requirements.

5. User Responsibility

You are solely responsible for:

- determining whether your use of the Interface is lawful in your jurisdiction;
- evaluating the risks of any trading, transaction or interaction initiated through the Interface;
- ensuring that your funds, wallets, assets and transactions are lawful;
- maintaining the security of your account, credentials, devices, wallets, private keys, API keys and authentication methods;
- reviewing all information before submitting an order, instruction, transaction or request;
- paying any applicable fees, taxes, charges or network costs;
- keeping your account information accurate, current and complete.

BR/VX does not verify whether the Interface is appropriate for your personal financial situation, investment objectives, risk tolerance, tax position or legal circumstances.

6. Account Registration and Security

To access certain features of the Interface, you may be required to create an account, connect a wallet, complete verification steps or provide certain information.

You agree to provide accurate, complete and up-to-date information and to update it promptly if it changes.

You are responsible for all activity conducted through your account, wallet, credentials, API keys or devices, whether authorized by you or not, except to the extent caused solely by BR/VX's willful misconduct.

You must immediately notify BR/VX if you become aware of unauthorized access, suspicious activity, credential compromise, wallet compromise or any other security issue related to your account or use of the Interface.

We may require additional authentication, identity verification, security checks or account restrictions where we consider it necessary for legal, compliance, operational, fraud prevention, security or risk management reasons.

7. KYC, AML, Sanctions and Compliance Checks

BR/VX may apply risk-based compliance controls, including identity verification, due diligence, sanctions screening, transaction monitoring, blockchain analytics, source-of-funds checks, source-of-wealth checks, fraud detection, misuse detection and other compliance procedures.

We may request documents, information, explanations or confirmations from you at any time, including before registration, during account use, before or after a transaction, before withdrawals, or where unusual, suspicious, high-risk or prohibited activity is detected.

We may delay, restrict, reject, suspend, freeze, reverse or investigate access, accounts, transactions, withdrawals, rewards, referrals, positions or other functionality where we consider it necessary for compliance, security, legal, technical, operational or risk management reasons.

We may share information with regulators, law enforcement authorities, courts, compliance vendors, blockchain analytics providers, sanctions screening providers, payment providers or other third parties where required or permitted by Applicable Law or where necessary to protect the Interface, BR/VX, users or third parties.

Failure to provide requested information or documents may result in suspension, restriction or termination of your access to the Interface.

8. Scope of Interface Features

The Interface may allow users to access certain features, including, without limitation:

- market data and asset information;

- trading-related tools;
- order entry or order submission functionality;
- account and balance dashboards;
- deposit and withdrawal interfaces, where available;
- wallet connection or wallet address functionality;
- referral and incentive tools;
- community features;
- shared result cards;
- leaderboards;
- educational or informational content;
- APIs;
- partner or affiliate dashboards;
- notifications and platform messages.

Availability of features may vary by jurisdiction, user status, verification level, asset, product, device, network, third-party provider, liquidity availability, technical availability or compliance assessment.

BR/VX may add, modify, suspend, restrict, remove or discontinue any feature at any time without liability.

9. No Financial Advice

BR/VX does not provide investment, financial, trading, legal, tax, accounting or other professional advice.

Any information displayed through the Interface, including market data, charts, rankings, analytics, educational materials, community content, shared trading results, trader profiles, leaderboards, signals, commentary, notifications, AI-generated information or promotional materials, is provided for informational purposes only.

Nothing on the Interface should be interpreted as:

- a recommendation to buy, sell, hold, trade or use any Digital Asset;
- an offer or solicitation to enter into any transaction;
- investment advice;
- financial advice;
- legal advice;
- tax advice;
- portfolio management;
- a guarantee of outcome, performance, profit, return or risk reduction.

You are solely responsible for your trading decisions and should seek independent professional advice where appropriate.

10. Risk Disclosure

Using the Interface may involve significant risks. Digital Assets are volatile and may lose value rapidly. Trading, especially with leverage or margin, may result in substantial or total loss.

You acknowledge and accept that:

- Digital Asset prices may fluctuate significantly;
- past performance does not indicate future results;
- leverage may amplify both gains and losses;
- positions may be liquidated quickly and without prior notice;
- market data may be delayed, inaccurate, unavailable or incomplete;
- orders may be delayed, rejected, cancelled, partially filled or executed at a different price than expected;
- liquidity may be limited or unavailable;
- blockchain transactions may be irreversible;
- blockchain networks may experience congestion, forks, attacks, failures or unexpected behavior;
- regulatory changes may affect access to assets, features or the Interface;
- technical failures, third-party failures or market disruptions may occur.

You should not use the Interface or trade Digital Assets unless you understand and can bear the associated risks.

Additional risks may be described in the Risk Disclosure and product-specific rules.

11. Trading and Order Submission

Where the Interface permits trading-related activity, you understand that BR/VX may provide only the interface through which you submit, view, manage or attempt to submit trading instructions.

Orders, transactions or instructions may be processed, routed, executed, settled, rejected, cancelled or otherwise handled by third-party systems, liquidity providers, smart contracts, blockchain networks, market venues, execution systems, custody providers, payment providers or other infrastructure providers.

BR/VX does not guarantee:

- that any order will be accepted, executed, settled or completed;
- that execution will occur at any particular price;
- that liquidity will be available;
- that market data will be accurate or current;
- that any asset, pair, product or feature will remain available;

- that the Interface will be uninterrupted, error-free or available at all times.

We may cancel, reverse, adjust, suspend, restrict or investigate orders, transactions or account activity in cases of system error, pricing error, abnormal activity, suspected manipulation, market disruption, third-party failure, legal requirement, compliance concern or other exceptional circumstances.

12. Margin, Leverage and Liquidation

Where margin, leverage, derivatives, perpetual contracts or similar products are available through the Interface, you acknowledge that such products are high-risk and may not be suitable for all users.

You are responsible for understanding:

- margin requirements;
- leverage limits;
- liquidation rules;
- funding fees;
- position limits;
- maintenance requirements;
- risk engine mechanics;
- automatic deleveraging or similar mechanisms, where applicable;
- the possibility of rapid or total loss.

BR/VX may change margin requirements, leverage limits, liquidation parameters, position limits, asset availability, funding mechanisms or other product rules at any time where required for market, legal, technical, liquidity, compliance or risk management reasons.

Liquidation may occur automatically and without prior notice.

13. Deposits, Withdrawals and Wallet Interactions

Where the Interface supports deposits, withdrawals or wallet-related functionality, you are solely responsible for ensuring that all addresses, networks, memos, tags, assets and transaction details are correct.

Sending assets to an unsupported address, wrong network, incorrect memo/tag or incompatible wallet may result in permanent loss.

Withdrawals, deposits or wallet interactions may be delayed, rejected, restricted, suspended or subject to additional review for legal, compliance, security, technical, operational, sanctions, fraud prevention or blockchain network reasons.

BR/VX is not responsible for losses caused by user error, incorrect addresses, wrong networks, unsupported assets, wallet compromise, private key loss, blockchain congestion, third-party wallet failures or network-level issues.

14. Fees and Charges

Use of the Interface may be subject to fees, commissions, spreads, funding fees, withdrawal fees, network fees, third-party charges, conversion costs, referral-related charges or other costs.

Applicable fees may be displayed through the Interface or in a separate Fees and Limits Schedule.

Fees may change from time to time. Continued use of the Interface after fees are updated constitutes acceptance of the updated fees.

You are responsible for any taxes, duties, reporting obligations or similar liabilities arising from your use of the Interface.

15. Restricted Jurisdictions

Access to the Interface may be restricted in certain jurisdictions or for certain categories of users.

BR/VX may restrict access based on Applicable Law, sanctions, internal policy, product availability, compliance assessment, third-party provider limitations or risk management requirements.

You must not access or use the Interface if you are located in, ordinarily resident in, incorporated in, operating from, or otherwise connected to a Restricted Jurisdiction.

You must not use VPNs, proxies, remote access tools, false addresses, false identity information or any other method to bypass geographic, sanctions, eligibility or compliance restrictions.

We may update the list of Restricted Jurisdictions at any time.

16. Prohibited Activities

You must not use the Interface to engage in, facilitate or attempt to engage in:

- money laundering;
- terrorist financing;
- sanctions evasion;
- fraud;

- misuse of stolen funds;
- market manipulation;
- wash trading;
- spoofing;
- layering;
- front-running;
- insider trading;
- abusive trading strategies;
- exploitation of system vulnerabilities;
- unauthorized access;
- hacking;
- scraping;
- reverse engineering;
- attacks on infrastructure;
- use of bots or automation in violation of rules;
- fake accounts;
- multi-account abuse;
- self-referrals;
- referral fraud;
- bonus abuse;
- impersonation;
- false or misleading information;
- fake performance claims;
- unauthorized promotions;
- harassment, threats or abusive community behavior;
- any activity that violates Applicable Law or these Terms.

We may investigate, restrict, suspend or terminate access where we suspect prohibited activity.

17. Platform Rights

BR/VX may, at any time and without prior notice where necessary:

- restrict or suspend access to the Interface;
- close, freeze or limit an account;
- delay, reject, cancel or investigate transactions;
- require additional verification;
- restrict deposits or withdrawals;
- remove or restrict access to certain assets, products or features;
- adjust or cancel orders affected by errors or abnormal conditions;
- withhold, reverse or cancel rewards, bonuses, commissions or referral benefits;
- remove content or community access;
- suspend API access;
- terminate access to the Interface.

We may take these actions for legal, compliance, sanctions, security, fraud prevention, technical, operational, market integrity, risk management or user protection reasons.

18. Third-Party Providers

The Interface may depend on or interact with Third-Party Providers, including blockchain networks, wallet providers, liquidity providers, market data providers, KYC/AML vendors, payment providers, custody providers, infrastructure providers, analytics vendors, API providers and other external services.

BR/VX does not control Third-Party Providers and is not responsible for their availability, performance, actions, omissions, errors, delays, failures, security incidents, fees, data, decisions or terms.

Your use of third-party services may be subject to separate terms, policies and risk disclosures.

19. APIs, Bots and Automated Access

If BR/VX provides API access or permits automated interaction with the Interface, such access is subject to these Terms and any applicable API Terms.

You are responsible for all activity conducted through your API keys, trading bots, automated tools or third-party integrations.

BR/VX may impose rate limits, access restrictions, security checks, usage limits or other controls.

We may suspend, restrict or terminate API access at any time where we believe it is necessary for security, market integrity, infrastructure protection, compliance, operational stability or risk management reasons.

20. Community Features and User Content

The Interface may include community features, shared result cards, trader profiles, rankings, leaderboards, chats, groups, comments, country communities, educational discussions or other user-generated content features.

You are solely responsible for any content you publish, share, upload, submit or make available through the Interface.

You must not post or share content that is unlawful, misleading, defamatory, abusive, manipulative, fraudulent, promotional without disclosure, infringing, threatening, discriminatory, harassing or otherwise harmful.

You must not present trading results, rankings, shared cards or community content as guaranteed performance, investment advice or a promise of future results.

BR/VX may remove, restrict, label, moderate or disable content or community access at any time.

By submitting content through the Interface, you grant BR/VX a worldwide, non-exclusive, royalty-free, transferable and sublicensable license to use, display, reproduce, distribute, modify and publish such content in connection with the operation, improvement, promotion and protection of the Interface, subject to the Privacy Policy.

21. Referral, Bonus and Incentive Programs

BR/VX may offer referral, bonus, incentive, affiliate, partner, country leader or community reward programs from time to time.

Such programs are discretionary and may be subject to separate terms.

BR/VX may modify, suspend, terminate, withhold, reverse, cancel or claw back any reward, bonus, commission or benefit where we suspect abuse, fraud, self-referral, fake accounts, wash trading, prohibited activity, manipulation, policy breach or technical error.

No referral, bonus or incentive program guarantees any income, profit, trading result or continued availability.

22. Intellectual Property

The Interface, including its design, software, code, content, graphics, data displays, logos, trade names, trademarks, documentation, layout, text, visuals, branding and related materials, is owned by or licensed to BR/VX and is protected by intellectual property laws.

Subject to your compliance with these Terms, BR/VX grants you a limited, revocable, non-exclusive, non-transferable, non-sublicensable license to access and use the Interface for personal or permitted business use.

You must not copy, reproduce, modify, distribute, sell, lease, sublicense, reverse engineer, scrape, exploit or create derivative works from the Interface except as expressly permitted by BR/VX.

23. Privacy and Data Protection

Your use of the Interface is subject to the Privacy Policy.

BR/VX may collect, use, store, share and process information as described in the Privacy Policy, including for account administration, security, compliance, fraud prevention, analytics, product improvement, communication, legal obligations and operation of the Interface.

You agree to receive electronic communications through email, platform notifications, Digital Interface notices, account messages or other electronic means.

24. Communications and Notices

BR/VX may communicate with you through the Interface, email, account notifications, Digital Interface notices, in-app messages or other electronic channels.

You are responsible for maintaining accurate contact information and regularly checking communications.

Notices may be deemed received when sent, posted or made available through the Interface.

25. Complaints and Support

If you experience an issue with the Interface, account access, transaction display, order submission, withdrawal, community feature, referral reward or other platform functionality, you may contact support at:

Support: [support@brvx.com]

You may be required to provide relevant information, including account details, order IDs, transaction hashes, wallet addresses, screenshots, timestamps, device information or other materials necessary to review the issue.

Submission of a complaint does not suspend your obligations under these Terms or any applicable product-specific rules.

26. Disclaimers

The Interface is provided on an “as is” and “as available” basis.

To the maximum extent permitted by Applicable Law, BR/VX disclaims all warranties, whether express, implied, statutory or otherwise, including warranties of merchantability, fitness for a particular purpose, title, non-infringement, availability, accuracy, reliability, security, uninterrupted access, error-free operation, profitability, liquidity, execution quality or suitability.

BR/VX does not guarantee that:

- the Interface will be available at all times;

- the Interface will be free from errors, bugs, interruptions or vulnerabilities;
- any order will be executed;
- any transaction will be completed;
- any asset will remain supported;
- any market data will be accurate, complete or current;
- any trading strategy will be profitable;
- any risk will be reduced or avoided.

27. Limitation of Liability

To the maximum extent permitted by Applicable Law, BR/VX shall not be liable for any indirect, incidental, special, consequential, punitive or exemplary damages, including loss of profits, trading losses, loss of opportunity, loss of data, loss of goodwill, loss of Digital Assets, business interruption or other intangible losses.

BR/VX shall not be liable for losses arising from:

- market volatility;
- trading decisions;
- liquidation;
- user error;
- incorrect addresses or networks;
- wallet compromise;
- unauthorized account access caused by user-side security failures;
- blockchain network failures;
- third-party provider failures;
- liquidity shortages;
- market data errors;
- technical outages;
- regulatory changes;
- compliance restrictions;
- force majeure events;
- prohibited activity by users.

Any liability of BR/VX shall be limited to the maximum extent permitted by Applicable Law and, where permitted, to the amount of fees paid by you to BR/VX for use of the relevant Interface feature during the [three/six/twelve] months preceding the event giving rise to the claim.

28. Indemnification

You agree to indemnify and hold harmless BR/VX, its affiliates, officers, directors, employees, contractors, agents, service providers and partners from and against any claims, damages, losses, liabilities, penalties, costs and expenses arising from or related to:

- your use or misuse of the Interface;
- your breach of these Terms;
- your violation of Applicable Law;
- your violation of third-party rights;
- your trading activity;
- your content;
- your use of APIs, bots or automated tools;
- your referral, bonus or community activity;
- your fraud, misconduct, prohibited activity or negligence;
- your failure to provide accurate information.

29. Force Majeure

BR/VX shall not be liable for delay, failure, interruption, restriction or non-performance caused by events beyond its reasonable control, including acts of God, war, terrorism, civil unrest, sanctions, regulatory action, cyberattacks, blockchain failures, smart contract failures, liquidity provider failures, exchange failures, payment provider failures, custody provider failures, cloud or infrastructure outages, power failures, communications failures, labor disputes, market disruption, extreme volatility or other extraordinary events.

30. Amendments

BR/VX may amend these Terms from time to time.

Updated Terms may be published through the Digital Interface, account notice or other electronic communication. The “Last updated” date will indicate the latest version.

Your continued access to or use of the Interface after updated Terms become effective constitutes acceptance of the updated Terms.

If you do not agree to updated Terms, you must stop using the Interface and, where applicable, close your account subject to any pending obligations, compliance review, open positions, fees or legal requirements.

31. Termination

You may stop using the Interface at any time.

BR/VX may suspend, restrict or terminate your access to the Interface at any time where permitted by these Terms, Applicable Law, compliance requirements, risk controls, security needs, operational considerations or internal policy.

Termination does not affect any rights, obligations, fees, liabilities, indemnities, restrictions, dispute provisions or compliance requirements that accrued before termination or are intended to survive termination.

Account closure, withdrawals or access to records may remain subject to identity verification, compliance review, open positions, pending transactions, outstanding fees, legal holds, sanctions screening or technical limitations.

32. Language

These Terms may be made available in multiple languages.

In the event of any inconsistency between the English version and any translated version, the English version shall prevail, unless otherwise required.

33. Miscellaneous

These Terms, together with any incorporated policies and product-specific terms, constitute the entire agreement between you and BR/VX regarding your access to and use of the Interface.

If any provision of these Terms is found to be invalid or unenforceable, the remaining provisions shall remain in full force and effect.

Failure by BR/VX to enforce any provision of these Terms shall not constitute a waiver of that provision.

You may not assign or transfer your rights or obligations under these Terms without prior written consent from BR/VX.

BR/VX may assign or transfer its rights and obligations under these Terms in connection with a merger, acquisition, restructuring, sale of assets, corporate reorganization or transfer of the Interface or related business.

Headings are for convenience only and do not affect interpretation.

34. Contact Information

For questions regarding these Terms, please contact:
